

Read anytime, anywhere.

It's simple. Just read to the children in your world 20 minutes a day, every day – starting at birth (or even before!).

READ! 365 is the best way to help children become eager and capable readers, and grow into confident, successful learners.

- ! Read for the fun of it. Anywhere, anytime: at home, on the bus, in the waiting room.
- ! Read at bedtime *and* throughout the day; at expected times *and* as a special treat.
- ! Involve children in the act of reading: turning pages, pointing to pictures, or completing a rhyme.
- ! Make books part of your child's life. Kids can never have too many books!
- ! Read! 365, even after your child is reading on his/her own.
